LAWS RELATIVE TO PUBLIC INSTRUCTION
IN THE CITY OF NEW-YORK.

AN Act to amend, consolidate, and reduce to one Act, the various Acts relative to the Common Schools of the City of New-York.

Passed July 3, 1851.

As amended by the Acts severally entitled, "An Act relative to Common Schools in the City of New-York."

Passed June 4, 1853.

March 31, 1854.

April 15, 1854.

The People of the State of New-York, represented in Senate and Assembly, do enact as follows :

OF SCHOOL OFFICERS AND THEIR ELECTION.

§ 1. There shall be two Commissioners, two Inspectors, and eight Trustees of Common Schools, in each of the wards of the city of New-York, who shall be known as the School Officers of the ward.

At every General Election, there shall be elected in each of the said wards, one Commis-

sioner, one Inspector, and two Trustees of Common Schools, who shall take office on the first day of January next succeeding their election, and hold the same for the following terms: the Commissioner and Inspector for two years each, and the Trustees for four years each.

The Commissioners, Inspectors, and Trustees of Common Schools in office, shall continue to hold their offices until the first day of January, one thousand eight hundred and fifty-five, and until the expiration of the terms for which they were elected by the people, as determined by lot, or for which they were appointed by the Public School Society; and the Trustees, elected by the people previous to the first day of January, one thousand eight hundred and fifty-three, shall also continue in office until the thirty-first day of December next succeeding the expiration of the terms for which they were respectively elected: Provided, however, that the term of office of every Trustee elected before the first day of January, one thousand eight hundred and fifty-four, shall cease and terminate on or before the first day of January, one thousand eight hundred and fifty-eight.

In the case of two or more Trustees, chosen at the same election, in any ward, such Trustees shall cease to hold office as follows: Those elected before the first day of January, one thousand eight hundred and fifty-three, on the thirty-first day of December next succeeding the expiration of their respective terms, as legally determined by lot or otherwise, and those elected

after said first day of January, at the expiration of their respective terms, as legally determined by lot or otherwise, unless otherwise provided by this Act; and in every case in which there has not been such a legal determination of terms, the Board of Education shall, on the first Wednesday in May, one thousand eight hundred and fifty-four, determine by lot, and declare the term for which each of the Trustees shall serve.

The Board of Education shall, on or before the first day of June, one thousand eight hundred and fifty-four, prepare and cause to be filed in the office of the Clerk of the said Board, a list of all the School Officers then in office, stating which of them were elected by the people, which of them were appointed by the Public School Society, and which of them were appointed by the Board of Education, to fill vacancies, and also the times at which the said School Officers will respectively cease to hold their offices; which list shall be *prima facie* evidence in respect to the matters hereby required to be stated therein.

The School Officers previously appointed to fill vacancies, shall continue in office until the first day of January, one thousand eight hundred and fifty-five, and no longer; and every person thereafter appointed to fill a vacancy in a School Office, shall hold his office until the first day of January next succeeding the time of his appointment, and no longer.

Every vacancy in the office of a Commissioner, Inspector or Trustee of Common Schools, oc-

curing more than twenty days previous to any general election, shall be filled at the next general election; and every person chosen to fill a vacancy shall take office on the first day of January next succeeding the election, and hold the same for the residue of the term; and, in every such case, the person voted for to fill a vacancy shall be designated in the ballot by the words, "to fill vacancy," written or printed immediately over his name, and shall also be so designated in the returns of the election; and if there be more than one vacancy in the office of Trustee in any ward, to be filled at the same election, each person voted for to fill a vacancy shall be designated on the ballot and in the returns, by adding the number of years for which he is to serve to the words "to fill vacancy;" so that the designation will read, "to fill vacancy of — years."

In case in any ward the number of Trustees in office shall at any time be less than eight, the Board of Education shall have power, upon the nomination of the School Officers of the ward, to appoint as many Trustees as will make, including the Trustees previously in office, eight Trustees for the ward; but the Trustees so appointed shall cease to hold office on the first day of January next ensuing, and their successors shall be chosen at the next general election, to serve for such number of years, respectively, as the Board of Education may designate.

The Board of Education shall, at least fifteen days previous to every general election, cause to be filed in the office of the Clerk of the

Common Council, a list of the School Offices to be filled at the next general election, stating the names of the officers whose terms will expire; and also, in each case of an unexpired term in which a vacancy is to be filled, stating the number of years which the person elected to fill the same will be entitled to serve.

The elections held by virtue of this Act, shall be subject to the same laws and regulations, in all respects, as those which govern the general elections in said city. The ballots for School Officers shall be endorsed "Common Schools," and deposited in a separate box to be provided therefor.

Every School Officer shall, before entering on the duties of his office, and within fifteen days after the commencement of the term for which he is elected, or from the time of being notified of his appointment to fill a vacancy, take and subscribe before the Clerk of the Board of Education, the oath prescribed by the Constitution of this State. And any school office to which any person, who shall omit to take the said oath within the time and in the manner above prescribed, may have been elected or appointed in said city, shall be considered as vacant from and after the expiration of said fifteen days, and the vacancy shall thereupon be filled in the manner in which other vacancies in school offices are filled.

The Board of Education shall be judges of the election or appointment and qualification of its members.

Every School Officer shall, at the time of his

election or appointment, be a resident of the ward for which he is elected or appointed ; and the Board of School Officers of any ward shall have power to declare vacant the office of any Commissioner, Inspector or Trustee elected by the people, or appointed by the Board of Education, who shall have removed from the ward ; and it shall be the duty of such Board of School Officers to consider the subject, and determine whether or not the seat of the officer who shall have removed from the ward shall be declared vacant.

Board of Education, unless a majority of the whole number of members of the said Board shall vote in favor thereof.

and proper for the said Academy. The Board of Education may, at any regular meeting thereof, by a majority of all the members of the said Board, remove any or all the members of the said committee, and appoint another person or persons in place of the member or members of the said committee so removed.

7. § 13. It shall be the duty of the Board of Education, by general rules and regulations, to provide a proper classification of studies, scholars, and salaries, in such manner that, as near as

OF THE SUPPORT OF SCHOOLS.

§ 14. Whenever the Clerk of the city and county shall receive notice from the State Superintendent of Public Instruction of the amount of moneys apportioned to the County of New-York for the support and encouragement of Common Schools therein, he shall immediately lay the same before the Board of Supervisors of said county; and the Chamberlain of the said city shall apply for and receive the school moneys apportioned to the said county, as soon as the same become payable, and place the same in the city treasury, for the same purposes as the moneys raised under the sixteenth section of this Act.

§ 15. The said Board of Supervisors shall annually raise and collect, by tax upon the inhabitants of the said city and county, a sum of money equal to the sum specified in such notice, at the time and in the same manner as the contingent charges of the said city and county are levied and collected; also, a sum of money equal to one-twentieth of one per cent. of the value of the real and personal property in the said city, liable to be assessed thereon, and pay the same into the City Treasury, to be applied to the purposes of Common Schools in the said city; and the Board of Education shall apportion the

money so raised to each of the schools hereafter provided for by this Act, except the Free Academy and the Evening Schools, according to the number of children over four and under twenty-one years of age, who were actual residents of the city and county of New-York at the time of their attendance on such schools, without charge, the preceding year; and the average shall be ascertained by adding together the number of such children present at each morning and afternoon session of not less than three hours, and dividing the sum by four hundred and sixty; and if any school shall have been organized since the last annual apportionment, the average shall be ascertained by dividing by a number corresponding to the actual number of morning and evening sessions of not less than three hours each, held since the organization of such school; and the sum apportioned to any schools, other than the Ward Schools, shall be paid to the Trustees, Managers or Directors of such schools respectively, by drafts on the City Chamberlain, to be signed by the President and Clerk of said Board, and made payable to the order of the treasurers of said Trustees, Managers or Directors.

§ 16. Such

moneys shall be paid into the city treasury, and shall, together with the amounts apportioned to the schools under the charge of the Board of Education, be paid by the Chamberlain of the said city upon the drafts drawn on him by the Board of Education, signed by the President, and countersigned by the Clerk of the Board, and by the Commissioners, or one of them, of the ward for which the money is to be paid, except such sums as shall be drawn for purposes other than the expenses of Ward Schools, which shall be paid by said Chamberlain upon drafts drawn on him by said Board, signed by the President and Clerk, and countersigned by the Chairman of the Finance Committee of said Board, and all the drafts shall be made payable to the person or persons entitled to receive the same, except that the payment of wages and salaries may be made by pay-rolls, upon which each person shall separately receipt for the amount paid to such person ; and in every case of payment by a pay-roll, the draft for the aggregate amount of wages or salaries included therein, shall be made payable to the Superintendent, Principal Teacher, or other officer designated for the purpose by the By-Laws of the Board of Education.

§ 17. If any of the said newly-organized Ward Schools, by reason of peculiar circumstances, shall be equitably entitled to a larger sum than they will receive under an apportionment made as aforesaid, then the Board of Education shall be authorized, and they are hereby

§ 19. If the school moneys apportioned to the Common Schools, agreeably to the previous section of this Act, shall exceed the necessary and legal expenses of either of such schools, the Board of Education shall authorize the payment

only of such sum or sums as shall be sufficient to provide for such expenses ; and any deficiency in the sums apportioned to meet the necessary and legal expenses of public education in the said schools, shall be supplied by the Common Council of the said city, and they are hereby authorized and directed to raise by loan, in anticipation of the annual tax, such sum or sums as shall be necessary to meet such deficiency. And the Board of Education shall in all cases certify to the Common Council the cause of such deficiency, and that the same was unavoidable ; and unless such certificate shall be made, the said Common Council may refuse to raise the sum required to meet such deficiency.

§ 20. The Board of Education shall require from the Executive Committees conducting schools by appointment of the Board, and from the Trustees, Managers, or Directors of the Corporate Schools entitled to participate in the apportionment of school moneys, a report in all respects similar to that required from the Trustees of each ward by the tenth section of this Act. And in making the apportionment among the several schools, no share shall be allotted to any school or society from which no sufficient annual report shall have been received for the year ending on the last day of December immediately preceding the apportionment.

§ 21. Whenever an apportionment of the public money shall not be made to any school, in consequence of any accidental omission to make

any report required by law, or to comply with any other regulation or provision of law, the Board of Education may, in its discretion, direct an apportionment to be made to such school, according to the equitable circumstances of the case, to be paid out of the public money on hand, or, if the same shall have been distributed, out of the public money to be received in a succeeding year.

§ 17. The option of each student as to the course of studies shall be made in writing, and registered and filed at the Academy. It shall be made by the parent or guardian, or shall be by the parent or guardian submitted in writing to the discretion of the Faculty. Students pursuing a particular course will not be supplied with rooms for study at the Academy, but will be expected to come there for recitations and lectures.

§ 18. At the beginning of each term the students in each full course of the Introductory class shall be divided into sections of about twenty-five—of the Freshman class of about thirty—

and of the other classes of about forty students, for the purpose of recitation. Each student shall have three recitations or lectures each day, besides drawing, and also an exercise in Declamation and Composition about once a month. The recitations and lectures shall be so arranged in alternation with the hours of study, that the Professors, while not occupied with giving instruction, may visit the recitation-rooms of the tutors in their respective apartments, (which it shall be their duty to do,) to observe the manner in which instruction is given, and to become acquainted with the students, their progress and attainments. The Professor of Moral, Intellectual and Political Philosophy, shall give at least one lecture or hear one recitation each day; the Professor of Chemistry two, and all the other members of the Faculty, whose whole time is devoted to the Institution, and the Tutors, four. The Professor of History and Belles-Lettres shall be employed in the Department of English Language, when not engaged in teaching in his own Department. The Professor of Drawing shall teach Descriptive Geometry in the Department of Pure Mathematics, when not engaged with his classes in Drawing. The studies of cognate departments shall be so distributed among the Professors and tutors therein, as to give each full employment. If any instructor shall be absent from his post, the Principal shall direct another to take his place for the time being.

§ 19. Rooms Nos. 4, 5, 6, 7, 8, 10, 13, 15,

16, 18, 20, 22, 25, 26, 28, 30, 32, shall be appropriated to the instructors as recitation-rooms—and rooms Nos. 12, 17, 19, 24, 27, 29, be occupied as study rooms by the students at their desks under the superintendence of an instructor.

§ 20. The duty of superintending the students in the study rooms, shall be performed by all the Instructors except the Principal and those who are on duty only for a part of the day. They shall perform the same in regular rotation, and it shall be the duty of such of them as are members of the Faculty, when not engaged in instruction, occasionally to pass through the study rooms and halls each day, and to report to the Principal any irregularities or violations of good order which may come under their notice.

Discipline.

§ 21. Every student shall conduct himself according to the rules of good manners, good morals, and manly propriety; shall give punctual and constant attendance to all his duties; shall use the property of the Institution with care and economy, and restore the same when required.

§ 22. The punishments inflicted in the Academy shall be the demerit marks, private admonition, admonition by the Principal in the presence of the Section and of the Instructor in the recitation-room, suspension by the direction of the Principal, public admonition by the Principal, in presence of all the students at roll-

call, final admonition by the Principal in a meeting of the Faculty, and dismissal for misconduct, to be directed by a vote of the Faculty; and whenever either of the same is inflicted, it shall be recorded in the "Book of Discipline," with the number of demerit marks, to be carried into the ledger for the same.

§ 23. The several professors and tutors shall enforce in the various sections, while under their personal inspection, such rules of discipline as may be established, and shall be responsible for the maintenance of order therein, and shall keep full daily records of the merit and demerit of each student under his care, and shall report the same in writing to the Principal, who shall cause an abstract of these reports to be entered in the books of the Academy, and the reports to be filed and preserved.

§ 24. Each Instructor shall keep a class report, embracing a period of two weeks, in which shall be entered the merit and demerit marks of each student while under his care, and the same shall be carried into the ledger every two weeks.

§ 25. Each Instructor shall be provided with a Register of Conduct, in which it shall be his duty to enter all cases of violation of good order by any student in his presence, which he thinks deserving of censure, with the amount of such censure in demerit marks. Each Instructor shall leave his Register with the Principal at the close of the Academic exercises of each day, and re-

ceive the same from him again each morning; and it shall be the duty of the Principal to examine such entries, and enter his approval of such marks, or, on consultation with the Instructor, make such change in said demerit marks as in his opinion shall be just, and then the same shall be added to the demerit marks in the bi-weekly class reports, and carried into the ledger. No student shall be demerited without notice to him of the fact and the cause.

§ 26. No student shall be suspended, except for misconduct; and all students suspended shall be required to attend all the recitations and lectures of their sections; but during their suspension they shall sit for study in the office, and on entering and leaving the recitation room shall take the rear of the section.

§ 27. In all cases in which a student shall be guilty of any offence which, in the opinion of the Instructor, requires that such student should be sent to the Principal for discipline, the Instructor shall, under his hand, give the student a memorandum of the offence, to be delivered to the Principal, and the Principal shall record the same in the Book of Discipline, and shall himself determine the punishment, and cause the same to be recorded in the Book of Discipline.

Merit.

§ 28. The maximum of Merit in any study or exercise, shall be ascertained by multiplying

the whole number of exercises of the class or section by ten, the scale on which merit is estimated. All punishments for misconduct, shall be represented by demerit marks on the ledger.

§ 29. The maximum of conduct shall be ascertained by multiplying the whole number of Academic Days by ten, and the rate of conduct shall be ascertained by deducting from such maximum all demerit marks.

§ 30. There shall be made up immediately after each examination, a Merit Roll of each class, and each student shall be ranked on the roll, as he may approach most nearly to the maximum in his departments on the ledger, including the examinations, and including conduct.

§ 31. The Merit Roll shall consist of four classes:—Highest, High, Good and Low; containing the highest, and those to $\frac{1}{3}$, $\frac{1}{2}$, $\frac{2}{3}$ below the maximum respectively.

§ 32. The Merit Roll shall be signed by the Principal, and after being printed by the Executive Committee, shall be sent by him to the parents or guardians of every student; and it shall be the duty of the Principal, where any student shall be habitually or grossly delinquent, to give notice thereof, in writing, to the parent or guardian, not only with the copy of the Merit Roll, but at the time of such delinquency.

§ 33. No student shall be put back into

another class, except at the request of his parent or guardian; but if any student shall in any of his studies have made so little progress, or in his conduct shall have been so disorderly as not to have an average rate of at least half the maximum on the last Merit Roll, he shall be rated as deficient, and so recorded; and if he shall be rated as deficient on two successive Merit Rolls, he shall be dismissed from the Academy. '

§ 34. Every student admitted into the Academy shall receive a certificate thereof, in the form to be prepared by the Executive Committee, stating, that on leaving the Academy with a good character after one year, he shall receive another certificate or diploma, stating the period he has been in the Academy, and the studies there pursued by him; and, provided he shall have satisfactorily accounted for all the books and other property committed to him, and shall have maintained a good character, he shall, on so leaving the Academy, receive such diploma; but no student shall receive a certificate of dismissal if he be dismissed for misconduct; and in each certificate, it shall be stated that he is furnished with a statement of his standing in the Academy, as it shall appear on the records during his whole connection with the Academy.

§ 35. When vacancies occur in the corps of tutors, preference shall always be given to the highest two on the merit roll of the graduates of the Academy, provided they have sufficient qualifications for such appointment.

The first shall commence on the first Monday of February, and shall continue eight days, from 9 A. M., to 12 M., and from 1 to 4 P. M., each day. § 5. A suitable conveyance for the transmission of supplies to the schools, shall be provided under the direction of the Committee aforesaid.

§ 6. A complete system of accounts for the Depository shall be adopted by the aforesaid Committee, such as shall, in the fullest manner, exhibit its operations, the amount of supplies furnished to it by the several contractors and dealers, as well as the amount of supplies furnished to the several wards and schools, both as to kind and value, and its books shall be kept open at all times to the inspection of the members of the Board of Education and Ward Officers.

§ 7. The Committee shall make a detailed statement to the Board annually, in the month of January, of their transactions for the year, giving the amount of purchases, the value of the stock on hand, per inventory, the amount of supplies furnished to each department or school and ward, and the cost per scholar of the same, together with a statement of the aggregate cost of supplies as compared with the previous year.

§ 8. The Committee shall provide a suitable

and properly labelled pass book for the entry of the dealings of every school with the Depository, in which all orders for the supplies shall be written as hereinafter provided.

§ 9. The regular days for issuing supplies from the Depository in every month shall be eight in number, viz.: the first, second, third, and fourth Wednesday, and the first, second, third, and fourth Friday of each month; every school by this means receiving its supplies once in every month.

8th	12.

§ 11. A Tariff of Supplies shall be prepared, based upon the average annual attendance of the several schools, which shall be the standard for the ensuing year, and which shall embrace the whole quantity of any and every article which any school or department may draw

from the Depository, the same not to be exceeded except in certain contingencies hereinafter provided for.

§ 12. All supplies ordered for any school or department shall be carefully put up for delivery, and charged to its account. Should there not be in the Depository at the time a supply of all the articles ordered, a due-bill for what may be deficient shall be delivered with the items sent, an entry of the same being regularly made in a book kept for the purpose, in which shall be subsequently noted the fact of its redemption. All due-bills shall be redeemable on demand.

§ 13. No supplies shall be delivered at any school, except in payment of the due-bills aforesaid, oftener than once in every month, unless so ordered by the Committee on Supplies in a contingency hereinafter referred to, or by the Board of Education on the recommendation or report of the same committee, as hereinafter provided.

§ 14. When a demand for supplies shall be made by any school or department beyond the limit decided in the tariff provided for in section eleven, the Clerk of the Board shall at once notify the Ward Officers of the fact that the account of that particular school is full.

§ 15. All bills of goods purchased for the Depository, and approved by the Committee on

Supplies, shall be paid on the regular pay-days of the Board.

Regulations for the Schools.

§ 16. An accurate Inventory shall be made under the direction of the Ward Officers during the last week in each year, of the books, slates, maps, and all other articles usually embraced under the name of supplies, in every school and department, within the jurisdiction of the Board of Education,—blank forms of Inventory being furnished by the Clerk for the purpose,—the same when completed to be forwarded to and filed in the Clerk's office. This Inventory shall designate the three conditions of the supplies on hand, in separate columns, viz.: Good, Half-worn, and Old. In estimating the stock on hand, the whole of the class "Good" shall be entered on the list—one half of the class "Half-worn," and one fourth of the class "Old," the total being the quantity on hand of each item.

§ 17. When supplies of any kind are wanted for any school or department, they shall be plainly entered in the Pass Book provided by the Committee, and the list shall be dated, and attested by the signature of the Principal, and countersigned by the proper officer or Committee of the Ward Board, authorized for the purpose; the Pass Book shall then be sent to the Depository, but no order shall be sufficient to obtain supplies, unless it bear this evidence of its genuineness.

§ 18. Every school or department shall draw

the supplies needed but once in each month, and on the day assigned to it, and not oftener, except in special cases hereinafter provided for. A memorandum of the proper days of draft shall be printed in the Pass Book of every school.

§ 19. On the receipt of the articles drawn from the Depository, the Principal of each school or department, shall at once in the presence of the person delivering the same, compare each item with the order in the Pass Book, and finding all correct shall give a receipt therefor in a book provided for the purpose.

§ 20. In case a due-bill is given for any deficient item or items of any order, owing to a lack of supply temporarily in the Depository, the Principal shall be at liberty to send such due-bill one or more times through the proper channel, until it is redeemed, and before the regular monthly day for drawing supplies comes round.

§ 21. The Pass Book containing orders for supplies shall be sent to the Depository in all cases two days before the regular day of delivery, that is to say, if the regular monthly day of any school or department be Wednesday, the Pass Book shall be sent on the preceding Monday; and if it be Friday, then on the preceding Wednesday, careful reference being had before making out the order to this stated time of sending it in, to avoid infraction of this rule, and save disappointment in the receipt of supplies.

§ 22. The number and quality of article, which each school shall draw shall not exceed in any year the ratio stated in the general scale of supplies to be prepared as aforesaid, and based upon the yearly average attendance of pupils.

§ 23. Whenever a school shall have drawn the whole quantity of any article or articles deemed necessary under these regulations, and a loss of supplies in any school or department occurs, either from a partial burning of the premises, or from robbery, rendering an additional allowance necessary, or when an extra quantity becomes indispensable by a sudden and unusual increase in the attendance of pupils, or from the use of supplies by the pupils of the Evening Schools, the Board of Ward Officers shall refer the subject to the Committee on Supplies, with a list of the articles wanted, and a statement of the facts, and the committee shall have discretionary power to furnish the supplies needed forthwith.

§ 24. Whenever a demand is made for supplies beyond the quantity assigned as aforesaid, and none of the reasons referred to in the last article exist, or when by reason of the introduction by the Board of Education of a new study into the schools, a first supply of any book or books or other article may become necessary, or when said demand is made in consequence of the opening or commencement of any new school or department, organized by authority

of the Board of Education, the Committee on Supplies shall consider the subject, and inform itself as fully as circumstances will admit, of the merits of the case, and report favorably or adversely upon the application to the next meeting of the Board of Education; and should the action of the Board be favorable, the supplies shall issue from the Depository forthwith; but if otherwise, the clerk shall notify the officers of the ward of the fact.

§ 25. The teachers of the several Grammar and Primary Schools under the jurisdiction of the Board of Education shall be required to make the proper entries in, and correctly keep the School Record Book, entitled, "List of Pupils, with the number of months which they have been taught," so as to show both the number of months and the number of days which each pupil has been taught, and the totals of months and days for every pupil for each and every year; a supply of said books to be kept at all times on hand in the Depository, subject to the order of the several schools.

The Free Academy, Normal Schools, and Evening Schools.

§ 26. The Depository shall keep distinct accounts with the Free Academy, Normal Schools, and Evening Schools, in which shall be entered and charged all supplies drawn by those institutions.

§ 27. Any requisition for supplies made by

the Principal of the Free Academy, which shall have been approved by the Executive Committee of the same, shall be forwarded to the Depository, and furnished with as little delay as possible.

§ 28. A list of all supplies needed from time to time in the Normal Schools shall be submitted to the Committee in charge, and if approved by them, shall be sent to the Depository for delivery with all convenient promptness.

§ 29. The Principal of each department of the Evening Schools needing supplies, shall make a requisition upon the Committee on Evening Schools, who, approving the same, shall in turn forward it to the Depository, and the supplies shall be issued and delivered as soon as practicable thereafter.
